Biovet Australia is committed to bringing affordable Veterinary Equipment to Australia's Veterinary profession.

Biovet Australia's Management Team

Biovet Australia is owned and managed by Mr. Gavin Berry who has an extensive background within the Medical Equipment industry with a strong background of introducing new technologies of Endoscopy and Orthopaedics with Stryker Australia and most recently with Medtronic. Gavin brings a wealth of knowledge to the company with his strong medical equipment background and is willing to offer assistance with all aspects of Veterinary Equipment.

All equipment offered comes with our 6 month warranty, is fully serviced and tested for safe use and is compliant with current standards.
